

# *A Practical Guide to Petitioning the Crown for a Grant of Arms*

The next Grant of Arms workshop will be held at IT Hall on Monday 11 March (6-9pm). The workshop is open to all Freemen, Liverymen and guests. The evening will open with a drinks reception and buffet before moving on to explore the topic of heraldry, the law of arms and the options for petitioning the Crown for a lawful grant of hereditary armorial bearings more commonly known as a 'coat of arms'.

The workshop is in the form of a seminar, where the audience are encouraged to ask questions, see examples of personal heraldry in practice (e.g., on seals, flags, tableware), share their own experiences and participate in a light hearted heraldic quiz.

Some of the subjects covered in the workshop include:

- The elements of a coat of arms
- The principles of heraldic design
- The law as it pertains to personal and corporate arms
- Crests, Badges, Banners and Hatchments
- The petitioning process and timeframe
- The options available to the petitioner and associated costs
- Registering of family pedigrees
- Inheritance of arms in the male and female lines

Every participant will receive a copy of *A Practical Guide to Petitioning the Crown for a Grant of Arms*, and post workshop support to help those who decide to proceed with a petition.

**Tickets are priced at £65. For further details and enrolment please visit:**
